OF WATERPROOFING**  
since 2005

# SHEET MEMBRANE SYSTEMS

## AIW MEMBERS EVENING

**Live Demo  
"MAN vs MACHINE"  
Waterproofing  
Showdown!**

**Wednesday, 25th March 2026**

**4.00pm - 7.00pm**

**Hosted by Bayset**

**48 Weaver Street, Coopers Plains QLD 4108  
(Refreshments provided)**

Register via QR code

Join the Queensland members of the **Australian Institute of Waterproofing (AIW)** for an evening focused on sheet membrane waterproofing systems. Hear from industry experts covering key membrane technologies, installation methods and where each system is best applied.

### Presentations:

- Polypropylene / Polyethylene Fully Bonded Membranes (Below Ground Waterproofing) - **Colin Picton (Fosroc)**
- HDPE Membranes, Preprufe - **Paul Mignacca (GCP Saint-Gobain)**
- PVC Membrane Systems - **Peter Sanderson (Adheseal)**
- Soprema Torch Applied Membrane Systems - **Seamus Farrell (Soprema)**

## Plus: Live "Man vs Machine" Waterproofing Demonstration!

Get involved with a practical comparison of modern installation machines vs manual methods. See how equipment and application techniques can impact speed, consistency and installation quality.

### PVC Installation

**Uniroof 300 Leister Machine  
VS  
Hand-Held Leister Welder**

### Bitumen Installation

**Soprema Mini Macaden machine  
VS  
Traditional Gas Torch**
